CS NOTICE : PRACTICE OF SHOWING DATA OF ON-LINE BOUNDARY MARK IN
CADASTRAL SURVEY RECORDS

Our Ref: SLA/SVY 161-2003

Date: 17 May 2007

To: All Registered Surveyors

Dear Sirs / Madams

**CS NOTICE : PRACTICE OF SHOWING DATA OF ON-LINE BOUNDARY MARK IN
CADASTRAL SURVEY RECORDS**

In practice, registered surveyors are required to set-up and show the data of on-line boundary marks in cadastral survey records (viz results file, SK and CP) when they are shared with any adjoining lots though survey of such on-line boundary marks is not required. However, there is no need to set up and show the data of any on-line boundary mark if it is not (or no longer) shared with any adjoining lot. Please maintain this practice consistently at all times.

Yours faithfully,
